**TERMINAL DISCLAIMER TO OBVIATE
A DOUBLE PATENTING REJECTION**

Sir:

The petitioner, Silicon7 Inc., having 100 percent interest in the instant application hereby disclaims, except as provided below, the terminal part of any patent granted on the instant application, which would extend beyond the expiration date of any patent granted on U.S. Patent Application No. 10/810,749 as shortened by any terminal disclaimer. Petitioner hereby agrees that any patent so granted on the instant application shall be enforceable only for and during such period that it and any patent granted on U.S. Patent Application No. 10/810,749 are commonly owned. This agreement runs with any patent granted on the instant application and is binding upon the grantee, its successors, or assigns.

Appl. No. 10/788,913
Reply to Office Action of July 12, 2005

In making the above disclaimer, disclaimant does not disclaim the terminal part of any patent granted on the instant application that would extend to the expiration date of the full statutory term as defined in 35 USC §§154 to 156 and 173 of any patent granted on U.S. Patent Application No. 10/810,749, in the event that it later: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid by a court of competent jurisdiction, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. 1.321, has all claims canceled by a reexamination certificate, is reissued, or is in any manner terminated prior to expiration of its full statutory term as presently shortened by any terminal disclaimer, except for the separation of legal title stated above.

Respectfully submitted,

Silicon7 Incorporation
